

SOLAR CHARGING TRAILER

Power Up's Solar Charging Trailer:

Portable Power on Wheels

Our Solar Charging Trailer features a powerful, all-in-one solar power station for on-site device charging and content delivery. It's rugged mobile design makes power accessible wherever you need it - whenever you need it most.

Where to Use Solar Charging Trailers

Our solar trailers are perfect for events, community outreach, and disaster relief efforts.

Our Solar Charging Trailers Feature:

- Ability to charge up to 132 devices at once
- Two 55" high brightness monitors
- 400 watt audio system
- 4 speakers
- 8 USB ports
- 20 RFID/PIN controlled lockers
- 1100 watts solar array
- 12-19kWh LiFePO4 battery
- Additional optional add-on features

Custom Branding Solutions Available

Add your company logo, event name, or other text and the trailer will blend seamlessly into your setup.
